A Practical Theology of Mission*

**Jens Christensen**

New Creation is proud to announce the reprint and release of one of the most stunning, explosive books ever written on mission to Islam. Jens Christensen, 1899 – 1966, was a theologian of great calibre. A Lutheran Bishop and pastor, he was a man who worked most of his life amongst Muslims. Few men have loved and understood the Muslim as he did.

This book is not just for those interested in mission to Islam, it contains a wealth of knowledge and challenging thought that could change your view of mission forever.

**The Kingdom of God—[tape code BSKP]**

These eight lectures were drawn from Living Faith Studies (LFS) no. 14, The King: The Kingdom of God: The Kingship. Closely related to the theme of 'The People of God', the reign and rule of God from Creation to the final establishment of the Kingdom of Heaven is a fascinating study.

What is more, these studies are related to current Christian and human living. Download notes for LFS 14 from [www.newcreation.org.au](http://www.newcreation.org.au).

**The People of God**—[tape code BSKP]

This is a theme every Bible student should know. It is not only one of the basic themes of Scripture, but it is difficult to fully understand the Bible without it. In eight lectures the theme was covered using LFS no. 34, The People of God: The True Community as basic material. Download notes for LFS 34 from [www.newcreation.org.au](http://www.newcreation.org.au).

**The Church, Life and Relationships**—[tape code BSLR]

This series has practical interest for all. How do salvation, the knowledge of God, the true people of God, work out in life? The answers are discussed in the tapes and notes. Download notes from [www.newcreation.org.au](http://www.newcreation.org.au).
